To Whom It May Concern:

This is in reference to Brian Rainey and RainDrop Entertainment.

The Devil's Pulpit Golf Association's relationship with Brian Rainey and RainDrop Entertainment dates back more than nine years. While we do not have entertainment events on a regular weekly or monthly basis, the quality and appropriateness of what we deliver to our members is crucial. We have successfully relied solely on Brian Rainey and RainDrop Entertainment to handle our annual New Year's Eve festivities and Canada Day entertainment, our signature events for the year. Consistently, we have been more than satisfied with the acts he has provided.

During the course of any given year, we have a variety of presentation and member special private function requirements. Whenever he has been called upon, Brian has supplied us with quality acts. Our members are a discerning group, and Brian has consistently delivered the style of entertainment that The Devil's Pulpit is proud to offer.
