Greetings!

In my capacity as sole musician talent provider for some 10 years with Disney Cruise Line, I have often relied on RainDrop Productions' ability to present an array of Canadian acts for my scrutiny, many of which we have utilized.

My various cruise line entertainment responsibilities take me all over North America, Europe and Asia seeking and auditioning talent, and yet Toronto is, because of Brian and RainDrop, consistently one of my favorite stops.

On my visits to Toronto, I have consistently been impressed with Brian's organizational skills. Brian put together talent showcases providing me, in a very organized and timely manner, an audition forum layered with very impressive Canadian talent.

I consider Brian and RainDrop the go-to organization for talent in eastern Canada. I'm proud to say I also consider Brian a friend.
